

*“Heaven and Earth
unite once again...”*

*...in this Hour
awaited
from all ages.”*

Dear Friends,

As we mark our 23rd Anniversary on November 24, we look back on a year unlike any we have experienced before. As you know, in February 2024, in obedience to what we believe God is asking of us, MDM began to openly share the Messages from Heaven that we have been receiving for the last seven years. This has changed *our* world.

MESSAGES OF HOPE AND ENCOURAGEMENT

Most people can't help but feel anxious over the state of our world today. But we find that the Messages provide an ANTIDOTE to this anxiety. Living with the Messages over these seven years has given us so much hope and encouragement for the future. They remind us to TRUST in God's victory over the enemy.

My children rejoice. Yes, rejoice—not a superficial “joy,” not a “happy feeling.” No. The rejoicing that is borne of your Faith in the TRUTH. And in the knowledge that this TRUTH—GOD HIMSELF—is about to thunder and destroy all the lies that have grown like a suffocating destructive vine around the One True Vine, robbing it of light, of water, of life.... Rejoice, My children, for Our God is accomplishing His Plan, and you are cooperating in it. (August 15, 2023)

GOD'S PLAN UNITES HEAVEN AND EARTH

God has a Plan to lovingly reconquer the hearts of His children, His Church and all creation. From the very first public Message, Jesus and Our Blessed Mother began calling all believers, from all over the world, to join Their Luminous Army.

Heaven and Earth unite once again, children, in this Hour awaited from all ages. Longed for from generation to generation. And that now reaches its culmination.

Children, a new time begins.
(Jan. 4, 2024)

It is time to begin connecting My sanctuaries, the refuges I have prepared for My children. It is time to unite My Army. My faithful Army.
(Feb. 6, 2024)

As an army draws closer and closer to the field of battle, the importance of what must be done, of the preparations, of the plans, changes more and more.

It is the same with you, children. We are walking without ceasing towards the battlefield. Daily life continues because it must continue until the Hour arrives. But the urgency of being ready to listen, of being attentive to your Captain, of having your armor and your sword ready becomes clearer and clearer.

***I AM MAKING YOU READY,
CHILDREN. DO NOT BE AFRAID.***
(Jan. 5, 2023)

MERCY AND THE ILLUMINATION OF CONSCIENCE

Our world and our Church have gone through many, many difficult times in the past, but **the Messages state clearly that we are living through an unprecedented experience, a time unlike any before seen in the world and in the Church.** But Our Loving Father will make sure that those who trust in Him are prepared and equipped to face it.

You shall see unimaginable wonders, for these times are unlike any other, and I have Graces and helps that are unique to these times, to enable My children to cooperate with Me and vanquish the destroyer and deceiver. (Feb. 6, 2024)

Perhaps the greatest Grace and Mercy that God has reserved for this time, an event predicted at Garabandal, by other mystics, and referred to many times in our Messages, is the great *Illumination of Conscience*. It has been described as one moment in time in which each person alive will clearly see the state of his soul as God sees it. At the same time, each person will know without doubt *that God exists*. God refers to this as His greatest Act of Mercy, to be followed by the Time of Justice.

The ENOUGH of God Almighty is about to roar; it is about to thunder. All flesh and all spirit will fall to their knees. Some in adoration, some in fright. And there will be silence full of My Presence, the silence of the created before the Creator.

And My Light will come, My Gaze upon each soul, upon each spirit.

All will be exposed, and no one will have the excuse of not knowing Who I Am. It is the height [crowning moment] of the great Hour of Mercy that is granted to the whole world.

You are still in this Hour, in which much is forgiven because of the ignorance and confusion that reigns; in which I consider with pity all the wounds of My children, and I forgive, I forgive. (April 9, 2022)

CHANGES NOW AND TO COME

We believe that God brought MDM into being for the purpose of serving Him and His children in this particular time—just as He is forming many souls, refuges and sanctuaries throughout the world. However, the past seven years have been a particularly intense formation for our Community, as He prepared our souls and our Faith for events to come. In a Message from March 1, 2017, He said:

Children, I see and know how difficult it is for you, all of this that I am doing—so surprising, unexpected, unheard of and so difficult to accept in some things.

But these are My times, that I have prepared from of old, that I have kept secret until these moments.

My work is so very extensive—you could never imagine [smile]—in all of the world, uniting Heaven and Earth, all of My children, for the great battle and defeat of Satan.

This is what I have formed you for.

In the past year, our day-to-day lives have changed significantly. We have had to stop offering retreats, and we haven't sent any newsletters—until now. Instead, we have focused our limited human resources on sharing the Messages as widely as possible, welcoming the

pilgrims who are arriving from around the country and the globe, preparing our Community for new vocations, and **preparing the Mission for the Manifestations that God says will happen here.**

REPERCUSSIONS FOR THE MISSION

Our publication of the Messages has had its consequences. Our Archbishop has brought sanctions against Father John Mary and the Community. We have had to hire a canon lawyer and a civil lawyer to defend ourselves and our property.

Our actions have resulted in the loss of some longtime supporters who are critical of what they see as our disobedience to our Archbishop. We have been forced to spend considerable time, energy and money to both defend and explain our position, which ultimately comes down to: *we believe that our first duty is obedience to God.*

Shortly before making the decision to go public with the Messages, the Lord said to us:

It will look to some as if you are acting outside of the bounds of My Church.

What is My Church? My Mystical Body. And if I, the Head of this Body send you to tear off the uncleanness that has covered it; if I the Head send you to speak My Words, My thoughts, that what is yet sound may not lose hope, that what has become atrophied may be restored and strengthened, that what is growing like a cancer might be extirpated—can one say you are acting “outside” of this Body?

NO. NO. NO. I Am sending you. As My Coworkers and My Messengers and My Victims....

Continue the work—our work—that you are doing. Entrust everything to Me, knowing that I will give you the lights you need and I will also place obstacles if it is not what I want or it is not yet the time. (Jan. 16, 2024)

YOUR RESPONSE TO THE MESSAGES

Even though, for the moment, we have lost contact with some friends, we have been joined by others. Our records show that for every one person who has “unsubscribed” from our emails in the last year, ten more have joined our list. And we have received gratifying support from visitors; phone calls and emails coming from all over the world. Here is just a little sample:

Thank you so much for these messages from our Jesus! The joy they bring to my heart! I always thought we didn't hear from Him because we were so bad and undeserving. These messages are food for my soul! How much love He has for us! ♦

Just listened to Sister Amapola's recent message. So very powerful. Sister is amazing and so very special. Please let her know how much I truly love her messages and look forward to them. They give me so much hope....I have been full of fear over the elections and what is happening in the world. This message helps calm my fears. I say every day “Jesus I trust In You.” ♦

The Mission is in my prayers as well as praying for our country. We are heading into a very big spiritual storm and I plan to be part of God's spiritual army. ♦

(From a priest in the Netherlands) I look forward to the podcast of Fr. John Mary on the Prophetic Voice of God. Prophecy is indeed anathema with many clergy and especially in the Vatican (I think, because the Prophetic Voice of God eludes their “control”) I cannot express how happy I am with Sister Amapola's prophetic messages. They are unique and give me so much confirmation and hope. ♦

(Another priest) If any layman or theologian believes these messages from God to be false, then they are wrong, wrong, wrong! The Lord has always used his humble and vulnerable ones to represent, and preach, his Word. As a Catholic priest, I say to you all: these messages are true. Harken to the Voice of God. And respond accordingly. ♦

YES, WE WOULD BE GRATEFUL FOR YOUR SUPPORT

ONLY ONCE A YEAR, in conjunction with our Anniversary, do we reach out to our friends and ask for financial support. This year's request is particularly significant for us as we have been hit by heavy legal fees, have lost some supporters, and have had to discontinue our retreats. At the same time, we have built a new residence for the Sisters and plan to continue our work to prepare Tepeyac for whatever use God intends:

From My new Tepeyac—yes, new, for from here will flow the great River of Grace to reconquer all of the children of God—from this little piece of land, hidden, rough, I call out to you once more. Children, there is no time left. The battle, Our counterattack begins. It begins with these Words, which We give to you as Light, Protection, Guidance and consolation.... (Feb.8, 2024)

Your financial support would be greatly appreciated. We also ask for your continued prayers and sacrifices; they have been a great comfort for us. And we encourage you to share the Messages with others. In return, please know that we pray for all of you whom God is enlisting to take part in His great Reconquest. JESUS, WE TRUST IN YOU.

**The Era of His Reconquest
Has Begun...
MDM's 23rd Anniversary**

(Responses continued from page 6)

I see evidence all around me attesting to the truth of your locutions. And I believe confirmation will come. For my part it will be bittersweet, as the illumination of conscience seems daunting. Scary. Like going to the dentist, you know it's for the best but it's never fun and often painful. ♦

I shared the lesson on discernment through the "Our Father" and we presented it in small group within my Master's class as a Reader's Theater.... All took the pages home and are greatly and deeply moved to study and apply the discernment guidance within their own states in life and missions. ♦

I live in Australia and look forward to seeing all that the Lord and Heaven is giving you and ultimately the world for our good in these days. I have been following the messages from other outlets that promote your mission like Lifesite News. ♦

In February 2024, as I was flipping through YouTube TV, a video from Lifesite News caught my attention. I began to watch your interview and I was instantly affixed to every word you said. I felt like you were speaking directly to me. When you began to read the first message, within the first several sentences, I began to sob uncontrollably. It was speaking directly to my soul. I'm glad I was home alone. [My wife] would have thought I was losing my mind... At any rate, I felt vindication and strengthened by the words, and would anxiously await each message. When released, I would read them over and over. The messages mean so much to me and have strengthened me and given me so much hope. ♦
